- Internal control objective 'K' has not been covered as the Internal Drainage Board had a limited assurance review of its 2021/22 Annual Governance and Accountability Return.
- Internal control objective 'L' was not achieved as not all required information was published on the Internal Drainage Boards website as prescribed by relevant legislation. We confirm that the Internal Drainage Board publishes information on a free to access website.
- Internal control objective 'M' was not achieved due to the Internal Drainage Board failing to provide for a period for the exercise of public rights within the prescribed time limits. - Internal control objective 'N' could not be achieved due to the Internal Drainage Board failing to comply with the publication requirements of the Annual Governance and Accountability Return for 2021/22.
